BREATHING SPACE

SAUVIGNON BLANC

Margaret River is capable of making truly beautiful wines from many varieties and this wine serves as a reminder that Sauvignon Blanc can be one of the most refreshing wine styles out there. As a reflection of Margaret River's tranquil landscapes, the Breathing Space range inspires a sense of relaxation. Refresh and indulge in the lifted aromatics and fruity freshness.

TECHNICAL DETAILS

Region: Margaret River, Western Australia

Varietal: Sauvignon Blanc

Colour: Very pale in a brilliant condition with a bright green tint

Bottle Size: 750ml

Alcohol: 12.5%

Peak Drinking: Within three years

VINIFICATION / AGEING

The grape is sourced all over the Margaret River region to capture the array of Sauvignon Blanc characters. The fruit was harvested in the cool of the night to ensure the fruit reached the winery as cool as possible. Fruit with green flavoursome skins were protected from the sun during ripening and allowed extended time on skins prior to pressing to impart mouthfeels and assist in extracting the intense flavours from the Sauvignon Blanc. The cool temperatures during fermentation also helped encourage aroma production, texture and overall varietal character. The wine was then blended, lightly fined before being stabilised and filtered once prior to bottling. This minimal handling has helped retain the attractive primary fruit flavours and aromas so critical to our style.

TASTING NOTES

Aroma: Bright and lifted Sauvignon characters of fig, passionfruit, cut grass and a touch of wild herbs fills the nose.

Palate: An intensely flavoured palate with juicy acidity. Passionfruit, fig and melon drive the palate which is vibrant, refreshing and long.
